USA Reining represents its members as the fully compliant USEF-recognized affiliate for reining, advocating fair sport and horse welfare as key values of the organization. USDA RELEASES FIRST REPORT FROM ITS EQUINE 2015 STUDY

The USDA's National Animal Health Monitoring System (NAHMS) released the first report from its Equine 2015 study, Baseline Reference of Equine Health and Management in the United States, 2015. The Equine 2015 study is NAHMS' third national study of the U.S. equine industry. As with NAHMS' 1998 and 2005 equine studies, Equine 2015 was designed to provide participants, industry, and animal-health officials with information on the nation's equine population. This information will serve as a basis for education, service, and research, while providing the industry with new and valuable information regarding trends in the industry for 1998, 2005, and 2015.

Equine 2015 was conducted in 28 states, chosen for study participation based, in part, on the size or density of the states' equine population. Data collected for the study represented 71.6 percent of equids and 70.9 percent of U.S. operations with five or more equids.

Here are a few highlights of Baseline Reference of Equine Health and Management in the United States, 2015:

- Approximately 9 of 10 operations (88.9 percent) had 19 or fewer resident equids on May 1, 2015. These operations accounted for 58.1 percent of resident equids in the United States. Resident equids were defined as equids that spent more time at one operation than at any other operation.
- The majority of operations (70.7 percent) used a private veterinarian as their primary information source regarding equine health care.
- Operators on 38.8 percent of operations were knowledgeable about equine infectious anemia (EIA), while 18.2 percent recognized the name, not much else, and 7.7 percent said they had not heard of it before.
- Overall, 47.1 percent of operations performed at least one EIA test on resident equids in the previous 12 months, and 36.8 percent of resident equids had at least one EIA test in the previous 12 months.
- For all operations, the average cost of an EIA test (including call fee or cost of transportation) was \$40.77 and ranged from \$39.34 in the South Central region to \$46.39 in the West region.

SHR SPOOKN AT SPOTS IS FIRST 2017 NRBC ENROLLED FOAL!

Reiners began enrolling foals in the National Reining Breeders Classic program in 1997 and in the ensuing years enrollment has become an important part of raising reining horse prospects. In 2016, more than 2,000 foals from around the world became a part of the program!

The first enrollment deadline for each year is not until Sept. 15, but it is a testament to the strength of the NRBA that many breeders now opt in as soon as the foal is born. The first foal to be enrolled for the 2017 year, SHR Spookn At Spots, is a tobiano colt born on New Years Day!

His sire is Tricked Out Spook, owned by Tanya Jenkins, the 2016 Silver Spurs Equine Team Challenge Champion and the APHA 2015 World Champion. SHR Spookn At

Spots is out of SpotacularLk Gunner, who has been shown successfully in APHA.

SHR Spookn At Spots is owned by Peter and Missy Benker's Secret Hills Ranch in Alpine, Cali. Secret Hills Ranch breeds APHA, AQHA, FQHA and PtHA registered Paint and Quarter Horses. The Benkers compete in a variety of competitions including reining and halter. Their horses are bred to work, have the conformation to show in halter and the minds and athleticism to excel in any event their owners wish to compete in.

Missy, whose grandfather bred paint horses for more than 30 years, "got a passion for reining, but stuck with the spots."

Missy said, "I want our foals to have a chance to compete in the NRBC." She loves the show and is looking forward to seeing how SHR Spookn At Spots does as he grows and learns.

For information of Secret Hills Ranch, call 619-820-2994 or visit the website at <http://www.secrethillsranch.com>.

Since its inception, the National Reining Breeders Classic has grown to include more than 200 subscribed stallions. The 2017 NRBC Show is the 20th – and it will take place April 16-23 at the Great Southwest Equestrian Center in Katy, Texas. For information on the NRBC, visit the web site at www.nrbc.com or call 580-759-3939.

USEF UNVEILS COMPLETE REBRAND, LAUNCHES NEW MEMBER BENEFITS

The United States Equestrian Federation has announced a rebranding, launch of a new fan membership, and additional membership benefits. Effective January 11, 2017, the Federation has become US Equestrian and has adopted a refreshed identity as part of a new overall strategic plan for the organization. This includes a refreshed logo that removes the shield element and better aligns the brand with other successful national governing bodies.

Introduced by incoming President, Murray Kessler, at the Annual Meeting in Lexington, Ky. on Wednesday, the vision of the new US Equestrian is to bring the joy of horse sports to as many people as possible. This closely coincides with the organization's mission to provide access to and increase participation in equestrian sports at all levels by ensuring fairness, safety, and enjoyment. US Equestrian will strive to engage horse sport enthusiasts at all levels through enhanced member offerings and consistent championing of horse welfare and fair play initiatives.

The website, USEF.org is now USEquestrian.org and has been completely reengineered into a user-focused and mobile-friendly site that offers many useful tools and resources. Member-only benefits on the website include horse and rider searches, standings, and competition results.

In concert with the rebrand, US Equestrian has launched

the Joy of Horse Sports ad campaign. Imagery in print, digital, and video showcases the bond between horse and rider that is very much unique to equestrian sport. The essence of the ads captures the emotion that is felt and experienced by everyone who participates in horse sports and encourages people to discover and be a part of US Equestrian.

For horse sport enthusiasts who may not be currently competing, but wish to take part in all the benefits US Equestrian offers, the new \$25 fan membership offers a great value and access to all non-competition based benefits.

All members can look forward to new and enhanced membership benefits, including:

US Equestrian Learning Center

With 35 education videos featuring elite athletes, trainers, and industry experts, US Equestrian's Learning Center is a library of videos featuring lessons and insider tips on a wide range of topics, including horse care, training, safety and welfare, the 29 breeds and disciplines that US Equestrian recognizes, and more. Videos will be added on a continuing basis, providing a hub of learning for experienced competitors and fans alike.

USEF Network

The USEF Network is now a part of the greater USEquestrian.org and will continue to feature live-streaming and on-demand video from a wide range of exciting equestrian events each year. US Equestrian members receive full access to over 2,000 hours of content, including commentary from the top U.S. equestrians and the latest news.

Equestrian Weekly

Coming in February, the all new Equestrian Weekly newsletter will showcase the best of US Equestrian, including original articles, membership updates, and special member-only offers.

US Equestrian Magazine

With a fresh new look, US Equestrian Magazine provides digital stories that educate and celebrate. It will be delivered quarterly to members.

BREEDERS' TRUST DEADLINE IS JANUARY 31!

The APHA Breeders' Trust program was created to help offset the cost of showing and to add value to American Paint Horses. It's a program that pays cash dividends for points earned by nominated horses at APHA-approved events. The Trust is designed so that everyone responsible for the success of an outstanding foal is rewarded financially: the stallion subscriber, foal nominator and horse's owner. The APHA Breeders' Futurity was established to

further enhance the Breeders' Trust program. The Breeders' Futurity is a select slate of classes designed to showcase the offspring of APHA Breeders' Trust-subscribed stallions and the mares bred to them.

Don't miss your chance to subscribe your stallion to this rewarding program!

One small change can make all the difference

If your horse needs to be more relaxed

If your horse seems to stay sore

If therapies don't seem to help or results only last a few days

If your mare tends not to work as well during heat cycles

COMPOSURE MG can help!

The RESULTS can be ASTONISHING!

We've seen dramatic changes in horses - If your horse needs to be more relaxed - If your horse seems to stay sore
If your horse resists going into the arena - If therapies don't help or results only last a few days
If your horse seems stiff or muscle sore or is cramping.

Many have heard that Magnesium can have a calming effect, then tried a supplement with little results. This is the R&R Difference. R&R Composure MG is made in Germany through a *globally patented process* that makes it *SIX TIMES more bio available than any other type of magnesium supplement.*

Signs of magnesium deficiency can vary from horse to horse and intensity may also vary. Some show daily signs while others only show signs during competition or stress.

Many magnesium deficient horses do not appear to benefit from chiropractic adjustments and other therapeutic treatments or the treatments don't last more than a few days before tension and soreness resume.

Correct a magnesium deficiency or increase magnesium to quiet anxiety or to balance the calcium:magnesium ratio.

With no drugs, you can have a calmer and more relaxed horse. Plus the muscle recovery benefits are equally powerful and important.

LIST YOUR STALLION IN THE VIRTUAL HORSE HELP STALLION GALLERY AND MULTIPLY THE BENEFITS

New in 2017 – The Tom McCutcheon Virtual Horse Help Stallion Gallery

Tom McCutcheon's Virtual Horse Help has added a special new Stallion Gallery. For stallion owners, it's a high traffic (over 9,500 sessions a month) location that will showcase your stallion.

A stallion's unique presence in the Virtual Horse Stallion Gallery features a picture that scrolls on the home page of Virtual Horse Help. When users click on the stallion's image they can choose the "VIDEO" button to see a video of the stallion or choose the "ABOUT" button to read a bio and see info on him as well as links to his website, FaceBook pages, etc. Or they can choose the "BREEDING INFO" button to see all the breeding information, pricing and terms, a copy of the breeding contract, contact information, etc. Readers can click to email directly or to download

a breeding contract.

Participating stallions will also be featured in the WorldWide Slide bi-weekly news emails which go to nearly 20,000 email addresses – creating even more exposure. Each stallion listed in WorldWide Slide will link back to its Stallion Gallery Page so readers can access stallion videos and information with just one click.

Stallion owners will receive a unique link for their use. In other words, they can link back to the Stallion Gallery page from their own website or FaceBook page or from other applications such as stallion auctions, etc. If someone asks for information on a stallion, owners can send them this link to view all the stallion's information in one place.

The cost is minimal for a ton of benefits. Get your stallion into the Virtual Horse Help Stallion Gallery today! For information and rates, email to mteaux@gmail.com or call Cheryl Cody at 580-759-2572.
